

Key Instant Recall Facts

Year 1 - Summer 1

By the end of this half term, children should know these following facts. The aim is for them to know these facts **instantly**.

I can tell the time.

Children need to be able to tell the time using a clock with hands. This target can be broken down into several steps.

- I can tell the time to the nearest hour.
- I can tell the time to the nearest half hour.

Key Vocabulary

12 o'clock?

Half past 2?

Top Tips

The secret is practising little and often. You don't need to practise these all at once, perhaps you could have a fact of the day. Could you write one of the facts on a post-it note and stick it on the bathroom door so you can read it when you brush your teeth?

- Talk about time - Discuss what time things happen. When does your child wake up? What time do they eat breakfast? Make sure that you have an analogue clock visible in your house or that your child wears a watch with hands.
- Play "What's the time Mr Wolf?"- You could also give your child some responsibility for watching the clock.
- Read books about time.

Key Instant Recall Facts

Year 1 - Summer 2

By the end of this half term, children should know these following facts. The aim is for them to know these facts **instantly**.

I know my number bonds for each number up to 20.

$0 + 20 = 20$	$1 + 19 = 20$	$2 + 18 = 20$	$3 + 17 = 20$	$4 + 16 = 20$	$15 + 5 = 20$
$20 + 0 = 20$	$19 + 1 = 20$	$18 + 2 = 20$	$17 + 3 = 20$	$16 + 4 = 20$	$5 + 15 = 20$
$20 - 20 = 0$	$20 - 19 = 1$	$20 - 18 = 2$	$20 - 17 = 3$	$20 - 16 = 4$	$20 - 15 = 5$
$20 - 0 = 20$	$20 - 1 = 19$	$20 - 2 = 18$	$20 - 3 = 17$	$20 - 4 = 16$	$20 - 5 = 15$

What is 19 **plus** 1?

What is 2 **less than**
20?

Top Tips

- Use practical resources - Your child has four smarties and you give them four more, can they predict how many they will have now?
- Online - Go to https://www.mathplayground.com/number_bonds_20.html
